

NIACE Congratulates ProCap on the Official Launch of Luminex Payment Gateway

NIACE would like to congratulate ProCap on the official launch of their Luminex Payment Gateway. The Luminex Payment Gateway is an innovative lifestyle cryptocurrency payment gateway that looks to revolutionise the digital asset space. This payment gateway will allow users to use it as a seamless digital wallet while providing the flexibility and interchangeability of fiat currency and digital assets. NIACE welcomes these new developments in our partnership with ProCap as Luminex would bring about immense convenience and flexibility to all users globally.

NIACE is eager to work with ProCap on providing digital asset insurance for the new Luminex Payment Gateway. Both companies are aligned in our shared values of innovation and we look forward to working together with a reliable industry partner. With a renewed focus on digital asset insurance due to recent market developments, NIACE sees a collaboration with ProCap as a natural progression of our partnership as both companies look forward to taking our working relationship to the next level to be the leading digital lifestyle wallet for cryptocurrencies and other digital assets.
